“It’s a great course that I would highly recommend to anyone who has an interest in nursing and/or midwifery. The rural and remote element incorporated into these degrees has given me a new insight into health care, which many other universities don’t include. I chose to study at JCU for these reasons as well as the wonderful feedback I had heard from other friends and graduates about this university. The dedicated staff members and support networks have been phenomenal, as well as

“Graduates of the Bachelor of Nursing Science-Bachelor of Midwifery are highly sought after. All of the graduates of last year, and the year before, and the year before that had offers in the places they wanted to work – many of them had multiple offers. The course has a strong rural and remote focus aimed to develop a skilled, adaptable and resilient nursing and midwifery workforce committed to improving access to health care and health outcomes.”
