Status	Action	Description
	Create afinal exam folder	Within the Assessment foldercreatean 'Assessment Final Examfolder and ensure it is visible to students it is hidden, this will prevent students from viewing troubleshooting information, Respondus information and the practice test where relevant. Students will not be able to open the examination until the examination release conditions have been met.
	Add Respondus information lin (only when using Respondus)	The Respondus formation linkbelow should be provided in the Assessment Final Examiolder and made visible students. This is for students' quick reference, which also includes a quick download link to the most recent version of Respondus. https://www.jcu.edu.au/learn/guides/respondus
